

Recyclable Alligator

Materials:

- Egg carton
- Construction Paper
- Craft Glue & Hot Glue
- Tape

Objective:

To have kids learn about what material can be recycled vs disposed in the trash

Lesson:

- Tape both sides of the egg carton together to make a long body
- Pre-cut arms, teeth, scales, and eyes for the kids to glue to their body
- (Tip: use an additional egg carton and cutout each egg holder to use as scales)
